Cervantes

When Rogers and Johanna Tomenson (residents of Ajijic, Mexico) decided to add another greyhound to their family, they went to the group they had adopted from before: the Greyhound Adoption League of Texas (GALT). The geographic separation between adopters and dog was overcome when GALT volunteer Michael Tischler flew the dog to Guadalajara and met the Tomensons. The three-year-old retired racer, now known as Cervantes, is right at home south of the border. In the photo at left, Cervantes is on the left with his new buddies Sancho and Dulcinea.
